

APPEAL COURT VICTORY

We Don't Give Up. We Fight the Difficult Battles - and Win.

After a child's medical negligence claim was initially dismissed, we refused to give up. We took the matter on appeal and secured a significant victory, holding the MEC for Health liable for the child's birth-related brain injury.

The Appeal Court overturned the earlier decision and found that failures in the monitoring and management of the mother's labour contributed to the child's hypoxic brain injury.

At Justice Reichlin Ramsamy Attorneys, we pursue justice with determination - especially when the battle is difficult.

Persistence. Experience. Justice.
